Equality Outcomes Action Plan: Progress Made 2021-2023

March 2023

Introduction

The following table illustrates progress made towards our Equality Outcomes 2021-2025. Further detail on how we continue to mainstream equality across the organisation is detailed in the [Equality Mainstreaming Update Report 2021-2023](#).

As at January 2023 we have completed 14/18 actions.

Priorities between 2023-2025 include;

- Developing accessible reporting mechanisms for hate crime and harassment
- Exploring opportunities to further embed equality and diversity within curriculum
- Increasing organisational awareness of the potential impact of unconscious bias across all aspects of business.

Equality Outcomes Action Plan: Progress Made 2021-2023

Outcome 1: At Borders College we will reduce gender imbalance in subject areas where there is a gender split of more than 75% (Construction, Creative Industries, Health & Social Care, Sport, STEM)

Outcome Lead(s): Assistant Principals

Indicators:

- Priority actions related to gender imbalance are embedded into operational team working and quality processes
- More individuals from minority genders are recruited to curricular areas and support services
- Improved retention and attainment from students in a minority gender

Action(s)	By	Responsibility	Progress Made	Overall Progress
Embed an annual plan of activities within the curriculum to inform, inspire and engage students about issues relating to gender segregation (e.g. inspirational talks)	Apr 2023	CLMs	<ul style="list-style-type: none"> • EDI support and training featuring lived experience has been delivered across college teams, leading to greater organisational awareness of equalities themes/issues and how to address them. • Enterprise Roadshow hosted in Nov 2022 included a focus on female entrepreneurship. • Equalities calendar supports the coordination of monthly EDI events/campaigns. A cross-college working group drives this activity. • Recent organisational changes have aligned equalities more closely with curriculum • Equalities Officer scheduled to attend CLM meetings throughout the year to provide input on EDI. • Global Citizenship strategy and college-wide 'respect' campaign launched in Oct 2022. • Inspirational speakers from industry are a regular feature of vocational curriculum areas, e.g. hair and beauty, construction.

Address gender segregation in all promo and outreach	Apr 2022	CLMs, Head of Marketing	<ul style="list-style-type: none"> • Case studies and news articles used regularly within college promotion, as detailed in mainstreaming report. • Borders Menopause Café was launched at Borders College October 2022 in partnership with NHS Borders. 	
Take positive action in recruitment to attract gender minority applications to curricular areas and support services	Apr 2025	Recruiting Managers, Director of People Services	<ul style="list-style-type: none"> • Managers to receive unconscious bias training during AY 2022-23, including how this can impact on recruitment • An independent review of the college's recruitment processes is currently underway. 	

Equality Outcomes Action Plan: Progress Made 2021-2023

Develop pilot mental health student input	Apr 2022	CLM (STEM), Director of Student Services, Mental Health and Wellbeing Officer, EDI Officer	Throughout the student induction period, the college's mental health team delivered a range of wellbeing sessions to students across the college	
<p>Impact</p> <ul style="list-style-type: none"> • 78 staff and students attended Andy's Man Clubs sessions in 2022. Sessions have resulted in disclosures of poor mental health. We understand that several students have accessed support through Andy's Man Club as a result of their input. • The college has seen good representation of women in male-dominated pursuits, e.g. female students winning awards in Godolphin Stud and Stable staff awards and Lantra. A female downhill mountain biking student featured on the Adventure Show. • 85 responses to Menopause Café consultation. The initiative is receiving positive comments from the local community on social media, and sessions are well attended. The café is having a positive impact on the mental health and wellbeing of those who attend. Some people have shared that it has made them feel less alone, less isolated, and more understood. • Enterprise events have played a role in raising the profile of local female entrepreneurs. • College Awareness calendar has ensured EDI themes are explored and promoted every month at Borders College including a combination of physical events, online campaigns and newsletter/newspaper articles. • Inclusive Recruitment Review launched Oct 2022. Recommendations will support improvements to our processes where required. • On the whole, withdrawal rates of male and female students have remained steady over the past 3 years at an average of 11% for both groups. However, in curricular areas with high levels of gender segregation females are more likely to withdraw than males. For example, construction courses have an average 				

Equality Outcomes Action Plan: Progress Made 2021-2023

withdrawal rate of **19%** for female students compared to **13%** for male students over the past 3 years.

- On the whole, the gender gap in the curriculum at Borders College is reducing. Over the last 3 academic years Construction, Creative Industries and STEM have all observed a year-on-year increase in under-represented genders. Construction has seen a **5%** increase in female students, Creative Industries has seen a **2.5%** increase in male students and STEM has seen a **2.7%** increase in female students. Sport and Outdoor and Early Years have also demonstrated an upwards trend in respect to gender segregation with more students from underrepresented gender groups in 2022-23 than 2020-21.

Next Steps

- Continue to raise awareness of equalities themes
- Re-visit the opportunity to set up peer support groups for gender-specific issues, i.e. menopause and men's wellbeing
- Address recommendations from recruitment review
- Longer term, the College should address unconscious bias within learning and teaching, including work to decolonise the curriculum. We do not anticipate this work can be achieved within the remit of the current action plan. However, we can start laying the groundwork in terms of increasing understanding of unconscious bias and gently introducing the concept of anti-racist curriculum under the auspices of Global Citizenship.
- Ensure all leaders receive unconscious bias training and evaluate impact of training on approaches to recruitment.
- In certain curricular areas, the number of students preferring not to disclose their gender identity is increasing. The College should continue to monitor these trends and consider interventions, i.e. trans awareness training, where appropriate.

- The disability pay gap at Borders College is **7.48%**. This is lower than the national disability pay gap, estimated at **13.8%** in 2021.
- Feedback on the Inclusive Leadership programme is positive with many attendees stating that their confidence and understanding of EDI issues has improved as a result of attending.
- Feedback from inclusive recruitment review was positive. A number of recommendations will be considered, including application for a SUSE workplace award and the completion of an accessibility review of website and online recruitment processes.
- Staff have engaged in a range of training including Dyslexia Awareness (**8** attendees), Tourette's Awareness (**16** attendees), Menopause Awareness (**98** attendees), Trans Awareness (**27** attendees), Gender-Based Violence (**29** attendees)
- Lived experience training to continue into 2022-23 with trans awareness sessions booked for Creative Industries staff in 2022-23. The College is actively seeking trainers from diverse backgrounds to provide input on unconscious bias in 2023.
- Staff induction guidance document created in line with new induction process.

Next Steps:

- Evaluate impact of inclusive leadership training programme
- Continue to track disclosures of protected characteristics year on year
- Adopt recommendations from inclusive recruitment reviews and monitor impact on disclosure
- Run a staff campaign to encourage disclosure across protected characteristic groups
- Deliver a programme of all staff equalities training that aligns with the content of the inclusive leadership programme

Impact:

- Equality Impact Assessments reviewed at Equality and Inclusion committee and published in full on the college website.
- Transgender guidance for staff has been published – this was developed in partnership with trans and non-binary students
- Proposal for Quiet Zone was approved by Equality and Inclusion Committee. This was co-created by neurodivergent students. Currently identifying suitable space.
- Supported enrolment helped over **60** students enroll on a Borders College
- **158** students attended Welcome Sessions during Week 1 of term with **116** online streams – many of these are likely to be full classes
- Student FAQs developed based on audient Q&A, providing greater accessibility for information in relation to funding, mental health support, food poverty and other issues important to students.
- Success and retention of Protected Characteristic groups remains a challenge. Students who live in the 10% most deprived areas have the highest level of early withdrawal (**16%**). The second highest early withdrawal rates are students who are care experienced (**8%**) followed by those with a disability (**5%**).
- There has been a good level of engagement with cross-college campaigns and activities, including MenTalk and Brit Challenge.

Next steps:

- Provide ongoing support to staff to complete equality impact assessments – develop short online training video as a reference point.
- Launch Quiet Zone
- Build on the success of support enrolment/quiet induction
- Work closely with the Students' Association to provide supportive interventions for students facing the most significant barriers
- Continue to develop and deliver cross-college events and activities to improve wellbeing.
- Explore opportunities to address resilience and student wellbeing as embedded within the curriculum.
- Review accessibility across campuses
